— Adding a card for a partner library

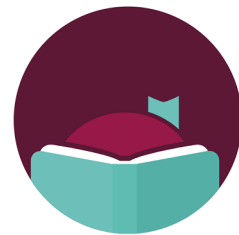

Some libraries have partnerships with other libraries, which let you borrow titles from a partner library using your home library card.

If your library has one of these partnerships, you'll see a list of partner libraries when you sign into your home library.

Then, to add your card for a partner library:

1. Go to  > *Add Library*.
2. Search for the partner library and open it.
3. Tap **Sign In With My Card**.
4. Under "Partner Libraries," choose your home library from the list and sign in.

Note: Some partner libraries may place limits on visiting library cards. For example, when you visit a partner library, you may have a lower checkout limit, lower priority for holds, or the inability to place holds.
